

**NATIONAL WEBINAR**

**LATEST TECHNOLOGIES IN NURSING EDUCATION**

**Sree Vidyanikethan College of Nursing** organized a National Webinar on '**LATEST TECHNOLOGIES IN NURSING EDUCATION**' on 20-1-2021. The resource person is Mrs. Kannekanti Saraswathi M.S.N, Honorary Director for Skill Development Center, Ramdev Rao Memorial Hospital, Hyderabad.

The resource person addressed the participants on distinguished aspects such as, Evolution of learning from traditional to innovative methods, latest technologies in nursing education, teacher centered innovative methods i.e Direct instruction, flipped classrooms, kinesthetic learning, differentiated instruction, expeditionary learning, personalized learning, game based learning.

Mrs. Saraswathi delivered lecture on how to insert innovative learning thought in learner through mind set, self-reflection, ask open ended question, create flexible environment, use problem finding and problem solving, imbibing an attitude among the students on taking full risks and accepting failures, inviting entrepreneurs and innovators to the class rooms and motivated to follow advanced technologies in the field of education to involve both students and teachers.

The resource person emphasized on innovative methods of clinical teaching which included simulations, concept mapping, role play, debating, and problem based learning, average learning retention rates.

Mrs. Saraswathi also insisted to undergo the online courses and practice distance education strategies like E-Learning, QR (Quick response)code, chat rooms ,computer assisted instruction, videoconferencing etc.

## Game-based Learning (High Tech) 21

- ▶ Takes this same concept and applies it to teaching a curriculum. Students work toward a goal, choosing actions and experiencing the consequences of those actions.

They actively learn and practice the right way to do things.  
The result is active learning instead of passive learning.
