Profile reading by Mrs.C.Padmaja,Associate professor

Profile of Mrs.Gilly Burn,Chief Guest

- She has been acknowledged internationally, as an inspirational clinical role model, palliative care advocate and for her dynamic, charismatic teaching
- Her lifelong passion remains supporting the development of excellence in Palliative Care in India, through educational initiatives.
- She qualified from Saint Bartholomew's Hospital London in 1973 and completed Specialist Oncology Training at the Royal Marsden Hospital London in 1974.
- Her Palliative Care training was at Saint Christopher's Hospice London, where the work of Dame Cicely Saunders inspired her. Founder of the Hospice movement.
- As a result of her research for the WHO, she founded Cancer Relief India (CRI) in 1990.
- In 1992, She was instrumental in advising CIPLA on the unique design of the Cipla Palliative Care Patient and Training Centre in Pune.
- In 1993 she was appointed a WHO Palliative Care Consultant and Project Director to develop palliative care services in India, in collaboration with Cancer Relief India.
- She pioneered the development of bespoke, multi-disciplinary, palliative care courses which uniquely included bedside, clinical teaching.

- One of her first students, in 1993, was Professor MR Rajagopal, now known as 'The Father of Palliative Care', in India and Founder of Pallium India which continues to work in partnership with Cancer Relief India to this day.
- Gilly received two Lifetime Achievement Awards from the Indian Association of Palliative Care (IAPC) in 2005 and 2009.
- In 2020 Gilly was awarded an MA with Merit, in 'Spirituality, Theology, and Health' from Durham University. Her dissertation was based on her extensive work in India, entitled, 'Dame Cicely Saunders and her Concept of 'Total Pain': its Development, Relevance, and Communication in the Practice of Palliative Care in India Today.
- In Amritsar 2022, she received her third Lifetime Achievement Award for her outstanding services to palliative care development in India from the National Association of Palliative Care for AYUSH and Integrative Medicine (NAPCAIM)
- As well as lectures Gilly always requests to interact with the patients and their families and gives guidance and support on clinical care, especially relating to patient comfort, for instance, the provision and positioning of soft pillows for patients.
- She also engages in clinical discussions with doctors and nurses relating to ethical issues regarding competent and compassionate communication, so that patients can make an informed choice about their care.
