

SREE VIDYANIKETHAN COLLEGE OF NURSING

CNE REPORT ON "E-LEARNING APPROACHES IN NURSING EDUCATION"

Continuing Nursing Education Program has organized on 27th January, 2025 with the theme "E-learning Approaches in Nursing Education" at Sree Vidyanikethan college of Nursing, Tirupati by Dr. Roja Chokkara, Associate professor and Dr. M.S.Shareef, Professor under the leadership of Dr. Prathima P, Principal Sree Vidyanikethan College of Nursing. The aim of the CNE programme was to enhance the E-learning skills to the Nursing students.

The poster features a background image of two nursing students in blue scrubs sitting at a table, one writing in a notebook. A circular logo for the Nursing Nurses Association of India is visible in the upper left. The main text is in white on a dark blue background. The event title is "CNE PROGRAM ON E-LEARNING APPROACHES IN NURSING EDUCATION". The date and time are "27-01-2025 | 11:00 AM - 12:00 NOON". The speakers listed are "Dr. Roja. CH, Associate Professor" and "Dr. M. S. Shareef, Professor". The location is "SVCN SEMINAR HALL". The organizer is "SNA Unit, Sree Vidyanikethan College of Nursing". The Sree Vidyanikethan College of Nursing logo is at the bottom left.

The session began with welcome speech and prayer song. The registration and pre-test were collected from all the participants.

Dr. Roja Chokkara, Associate Professor, has begun first part of session with brief introduction about importance of E-learning in Nursing education such as digital platform, electronic technologies available, purpose of E-learning, classification of E-learning, process of E-learning using ADDIE model, fully online courses available in nursing.

Dr. Roja Chokkara Presenting E-learning Types and Process

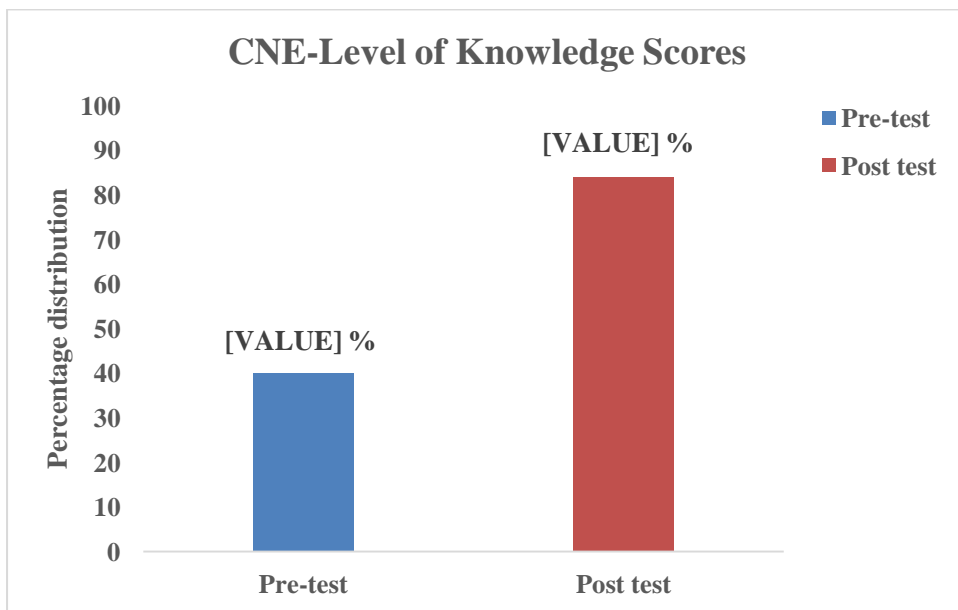

Dr. M.S.Shareef Presenting E-learning Approaches and tools, Benefits and Challenges

Discusses about various synchronous, blended online teaching methods, online surveys, quiz available to actively involve the students. Demonstrated the E-learning platforms for nurses such as TNAI website for E-learning, Indian Nursing Council E-learning management system.

Dr.M.S.Shareef, Professor has taken over the second part of session on E-learning approaches which includes trends and innovations in E-learning such as application of Artificial intelligence platforms in nursing education, Gamification tools used for nurses, commonly used social E-learning platforms for nurses. Demonstrated about mobile E-learning apps available such as Coursera, MOOCS, Elsevier applicable for nursing to enhance professional skills. Finally, discussed with benefits and challenges of E-learning. The session was ended with summarization of the topic and group discussion.

The students were very actively participated throughout the session. The CNE program came to an end with the post-test.

The pre-test and post-test consist of questions regarding the types of e-learning platforms, Gamification tools, virtual class room tools, approaches and process of e-learning, key benefits, challenges, e-learning in nursing education.

The post-test average score (84%) was higher than pre-test average knowledge score (40%), revealed that student's level of knowledge was enhanced. The program wind-up with vote of thank to organizer for their guidance and support and to all delegates.

Conclusion:

CNE on "E-learning Approaches in Nursing Education" conducted to develop the knowledge and skills in application of digital platforms to enhance the nursing education through e-learning. The session was productive and the participants expanded the knowledge which is widely reflected in the post-test. We would continue the process of continuous learning with the great support and guidance of Dr. Prathima, Principal, Sree Vidyanikethan College of Nursing.
