

SREE VIDYANIKETHAN COLLEGE OF NURSING

CNE REPORT ON "E-LEARNING APPROACHES IN NURSING EDUCATION"

Continuing Nursing Education Program has organized on 27th January, 2025 with the theme "E-learning Approaches in Nursing Education" at Sree Vidyanikethan college of Nursing, Tirupati by Dr. Roja Chokkara, Associate professor and Dr. M.S.Shareef, Professor under the leadership of Dr. Prathima P, Principal Sree Vidyanikethan College of Nursing. The aim of the CNE programme was to enhance the E-learning skills to the Nursing students.

The poster features a background image of two nurses in blue scrubs sitting at a table. A circular logo for the Indian Nurses Association of India is visible in the upper left. The main text is in white on a dark blue background. The event title is "CNE PROGRAM ON E-LEARNING APPROACHES IN NURSING EDUCATION". The date and time are "27-01-2025 | 11:00 AM - 12:00 NOON". The speakers listed are "Dr. Roja. CH, Associate Professor" and "Dr. M. S. Shareef, Professor". The location is "SVCN SEMINAR HALL". The organizer is "SNA Unit, Sree Vidyanikethan College of Nursing". The Sree Vidyanikethan College of Nursing logo is at the bottom left.

The session began with welcome speech and prayer song. The registration and pre-test were collected from all the participants.

Dr. Roja Chokkara, Associate Professor, has begun first part of session with brief introduction about importance of E-learning in Nursing education such as digital platform, electronic technologies available, purpose of E-learning, classification of E-learning, process of E-learning using ADDIE model, fully online courses available in nursing.

Mr. Suresh Babu KC presenting the Patient Safety & Review Emergency Codes

Mr. Satheesh Kumar.S presenting the Emergency Policies and Algorithm

The pre-test and post-test consist of questions regarding the types of e-learning platforms, Gamification tools, virtual class room tools, approaches and process of e-learning, key benefits, challenges, e-learning in nursing education.

The post-test average score (84%) was higher than pre-test average knowledge score (40%), revealed that student's level of knowledge was enhanced. The program wind-up with vote of thank to organizer for their guidance and support and to all delegates.

Conclusion:

CNE on "E-learning Approaches in Nursing Education" conducted to develop the knowledge and skills in application of digital platforms to enhance the nursing education through e-learning. The session was productive and the participants expanded the knowledge which is widely reflected in the post-test. We would continue the process of continuous learning with the great support and guidance of Dr. Prathima, Principal, Sree Vidyanikethan College of Nursing.
