

SREE VIDYANIKETHAN COLLEGE OF NURSING
REPORT ON
BCLS TRAINING PROGRAM

Basic Cardiac Life Support (BCLS) Training Program was conducted at Apollo Medical College, Chittoor on 07/04/2026 for B.Sc. Nursing IV Year students. The program was successfully organized under the guidance of Mr. Purushottam with Dr.Surekha Madam serving as the resource person. All IV year students actively participated in the training program and successfully completed it.

SESSION WAS INITIATED BY THE ORGANIZER & RESOURCE PERSON

Program Details as follows, the training session commenced at 9:20 AM and concluded at 4:00 PM. The forenoon session focused on theoretical knowledge related to BCLS. The following topics were covered BCLS Core Links & Algorithm, Chest Compressions, BCLS Guidelines & Importance, Airway and Breathing Single & Two Rescuer Algorithm, AED & Defibrillators, Adult Choking, and BCLS in Special Situations. The session provided comprehensive understanding of emergency cardiac care and life-saving techniques. And followed by Afternoon Session Skill Lab was conducted in the skill laboratory, where students were given hands-on training. Practical demonstrations and return demonstrations were performed on Cardiopulmonary Resuscitation (CPR), Use of AED, Airway management techniques, Management of choking .Students actively participated and practiced the procedures under supervision, enhancing their clinical skills and confidence.

STUDENTS WERE GIVEN HANDS-ON TRAINING

Outcome of the Program, all students gained both theoretical knowledge and practical skills regarding BCLS. Students demonstrated effective participation and interest throughout the program. Certificates were awarded to all participants upon successful completion.

STUDENTS RECEIVED CERTIFICATE BY THE ORGANIZER & RESOURCE PERSON
