

SREE VIDYANIKETHAN COLLEGE OF NURSING

WORLD IMMUNIZATION WEEK 2026 HEALTH AWARENESS PROGRAM

The NSS Unit of Sree Vidyanikethan College of Nursing organized a Health Awareness Program on the occasion of World Immunization Week on 28th April 2026 at Government Maternity Hospital. The main objective of the program was to create awareness among antenatal and postnatal mothers regarding the importance of childhood immunization and its role in preventing life-threatening diseases.

NSS volunteers actively participated in the program and prepared various Audio-Visual (A.V.) educational aids to educate mothers in an effective and understandable manner. The awareness materials included information on:

- Immunization schedule for children
- Importance of immunization
- Effects and complications if immunization is missed Care of the baby after immunization.

The volunteers made sincere efforts to improve knowledge and awareness among mothers by explaining the topics clearly and interacting with them during the session.

Sree Vidyanikethan
College Of Nursing

Sree Vidyanikethan College of Nursing has organized Health Awareness Program on WORLD IMMUNIZATION WEEK on 28.04.2026 at Government Maternity Hospital

Tirupati, Andhra Pradesh, India
Jcq5+x5r, Sri Padmavati Mahila Visvavidyalayam,
Tirupati, Andhra Pradesh 517507, India
Lat 13.640064° Long 79.407666°
Tuesday, 28/04/2026 03:49 PM GMT +05:30

Ms. A. Karishma, 7th Semester B.Sc Nursing student, explained about Post-immunization care of the baby.

Mr. Meghanath, 7th Semester B.Sc Nursing student, presented about the importance of immunization in preventing childhood diseases

Ms. Deepthi, 7th Semester B.Sc Nursing student, explained the immunization schedule for infants and children

The session was informative and well received by the mothers attending the hospital. NSS volunteers also displayed their prepared A.V. aids after the session to reinforce learning and provide visual understanding. Through this initiative, the NSS unit successfully spread awareness about immunization and encouraged mothers to ensure timely vaccination for their children.

The program concluded successfully with the active participation of NSS volunteers and beneficiaries, contributing towards promoting child health and disease prevention through immunization awareness.
