Objectives of the Programme:

The Faculty Enrichment Programme was organized with the following objectives:

- ☐ To enhance the professional knowledge and competencies of nursing faculty.
- ☐ To provide opportunities for continuous professional development.
- ☐ To update faculty members regarding contemporary academic and professional practices.
- ☐ To facilitate knowledge sharing and interaction among faculty members.
- ☐ To encourage faculty members to apply the knowledge gained in their teaching and academic activities.
- ☐ To promote a culture of continuous learning and professional excellence among nursing educators.

Proceedings of the Programme:

The Faculty Enrichment Programme was conducted on 28 August 2026 from 7:00 PM to 8:30 PM through Google Meet. The online mode facilitated convenient participation and provided an interactive platform for academic enrichment.

The programme commenced with a welcome to the presenter, faculty members, and participants. Dr. Visweswara Rao delivered the academic session and shared his expertise and professional insights with the participating faculty members.

The presentation focused on enhancing the knowledge and professional competencies of faculty members. The session provided an opportunity for participants to reflect on current academic practices, exchange experiences, and gain insights that could be incorporated into their teaching and professional responsibilities.

The presentation was followed by an interactive discussion and question-and-answer session, during which faculty members had an opportunity to clarify their queries and interact with the resource person. The participants actively engaged in the session and benefited from the academic interaction.

Key Learning Outcomes:

The programme provided the participating faculty members with an opportunity to:

- ☐ Enhance their professional and academic knowledge.
- ☐ Gain new perspectives relevant to nursing education and faculty responsibilities.
- ☐ Reflect on existing teaching and academic practices.
- ☐ Share experiences and ideas with colleagues.
- ☐ Clarify professional and academic queries through interaction with the resource person.
- ☐ Identify areas for further professional learning and development.

Outcome of the Programme:

The Faculty Enrichment Programme served as a valuable platform for continuing professional development and academic enrichment of nursing faculty. The online format enabled faculty members to participate in the programme conveniently through Google Meet.

The interaction with the resource person encouraged faculty members to enhance their knowledge and consider the application of relevant learning in their teaching, academic, and professional activities. The programme also promoted collaborative learning and professional interaction among faculty members.

Conclusion

The Faculty Enrichment Programme conducted on 28 August 2026 from 7:00 PM to 8:30 PM through Google Meet, with Dr. Visweswara Rao as the presenter, was a meaningful academic initiative for the professional development of nursing faculty. The programme provided an effective platform for knowledge enhancement, academic interaction, and professional learning.

Regular organization of faculty enrichment programmes is recommended to support continuous professional development, improve teaching effectiveness, and promote academic excellence in nursing education.
