

Date: 10th February 2020

National Deworming Day

Sree Vidyanikethan College of Nursing students participated in National Deworming Day Programme at Govt. Primary school, Kandulavaripalli on 10th February-2020 in collaboration with Primary Health Centre(Phc), Bakarapeta.

Students providing awareness on causes of worm infestation on the eve of NATIONAL DEWORMING DAY

IV Yr B.Sc & II Yr P.B.B.Sc (N) Students explained the causes, signs, symptoms, treatment and prevention of worm infestations like round worm, tape worm, hook worm and briefed the advantages of taking deworming tablets regularly for every six months. They also explained the benefits of washing hands before taking food and after defecating. The students also demonstrated the Hand washing techniques circulated by the World Health Organization (WHO) and finally administered tablets to 46 students in the presence of Health workers.

Students Administering Deworming Tablets (ALBENDAZOLE) to School Kids
